Hi all,

A timeline of some of the important, as well as bizarre, things that have gone on in the building of GGC will be emailed out to all of you shortly. I have not addressed doing so, as I have always hoped that those who have carried out some unethical things this, and last, year would simply go their own ways after I asked them to leave GGC. They unfortunately have not.

In recent days and weeks, I have had phone conversations and email exchanges with some whom have been privy to what Jeff Berwick, Chris Serin, Josh Kirley, [REDACTED] and GGC's former tour guide, Ken Carpenter, are being quite vocal about. It is interesting to hear about the continued rumor mill from people who place no value in finger pointing nor in those doing the finger pointing, who seem to cling to the belief that Facebook likes and ever more boring and repetitive blogs equate to truth.

More info to come...

To your freedoms,

Ken Johnson
