Hi all,

As some of you may know, TDV, and Jeff Berwick and Chris Serin, promote conferences in various locations that they promote as TDV Wealth Management. These conferences promote investing in charitable remainder trust structures, set up by parties who claim to be seasoned wealth management experts.

I, as well as Mr. Berwick, met them at a conference in Panama in 2012. I then talked with them over the months to help set up TDV Wealth Management, which TDV Media & Services LLC profits from today. I was never compensated as agreed for my work in setting up this program, nor any of the other programs that I set up for TDV, such as TDV Self-Directed IRAs, TDV Offshore, TDV Passports and others.

I find it to be more than a bit disingenuous of Mr. Berwick, as well as Mr. Serin, to still be promoting the services of Chad and Michael (I will leave their last names redacted), as their comments about them don't seem to be in line with TDV Wealth Management marketing. I am not an expert in offshore investment or taxation, so I cannot comment on the validity of the program, but I would like to believe that TDV would support those they promote more than what is shown directly below in messages from Mr. Berwick to me, via Skype, on June 10, 2013, after I informed Mr. Berwick that I knew about Chad and Michael intending to transfer GGC land assets into a new corporate structure, without my knowledge...

[6/10/13, 3:34:01 PM] Jeff Berwick: I have nothing to do with Michael and Chad... you are the one who worked with them, not me

[6/10/13, 3:35:19 PM] Jeff Berwick: i have NO PLAN to oust you... michael and chad are fucking insane

To your freedoms,
